Dear Ms Mathew

**Response to Submission comments for Sydney Metro Crows Nest, Over Station Development (SSD 9579)**

Thank you for your referral dated 7 September 2020 inviting comments from the Heritage Council of NSW on the above State Significant Development (SSD) Response to Submissions.

I note that the proposal will not impact on any State Heritage Register listed places, however it is acknowledged that the project footprint is in the vicinity of locally listed heritage items.

As noted in Heritage NSW's previous correspondence, the Sydney Metro City and Southwest Heritage Interpretation Strategy (2018) for Sydney Metro CSSI 7400 covering the interpretation of the site is considered acceptable.

Also, it is recommended that the following condition be included in any approval:

*The applicant must ensure that if unexpected archaeological deposits or relics not identified and considered in the supporting documents for this approval are discovered, work must cease in the affected area(s) and the Heritage Council of NSW must be notified. Additional assessment and approval may be required prior to works continuing in the affected area(s) based on the nature of the discovery.*

Considering that all other Heritage NSW comments have been adequately addressed, no further heritage comments are required. The Department does not need to refer subsequent stages of this proposal to the Heritage Council of NSW.

If you have any questions regarding the above advice, please contact Mariyam Nizam, Senior Heritage Assessments Officer at Heritage NSW, on 8837 6375 or [Mariyam.Nizam@environment.nsw.gov.au](mailto:Mariyam.Nizam@environment.nsw.gov.au).

Yours sincerely

**Rajeev Maini**  
Senior Team Leader  
South Assessments,  
Heritage NSW  
Department of Premier and Cabinet  
**As Delegate of the Heritage Council of NSW**
