Dear Sirs,

RE: Objection to Karuah South Quarry – SSD 17-8795

We
I am writing to lodge my objection to the above 'proposed gravel mine', because:-

I am "claiming submitters rights" on behalf of
Rivers SOS/Regional Representatives for midcoast
Council areas and Port Stephens Council areas
and Dungog Council areas.

We will forward our documentation as soon as
possible showing fact based proof that allowing
companies discharging approval of their "Dirty
Water, mine waste water or Sediment laden dams
of Quarries," the impact, change and destroy the
natural environment forever.

We will be sending this ⁱⁿ ~~is~~ more a photo format.

Yours faithfully

for A. Allmy
