

Hi Anthony,

Thanks for the referral, I've had a look at the documentation and the Heritage Division has no concerns in relation to State Heritage. The Department does not need to refer subsequent stages of this proposal or modifications to the Heritage Division (ie Heritage Council). Please note, other Divisions of OEH may respond in relation to biodiversity or Aboriginal Cultural Heritage.

Kind regards,

Tim Olliver

Subject: SSD 8795 - Karuah South Quarry Project - Request for advice

Hello,

The Department of Planning and Environment has received an Environmental Impact Statement EIS for the Karuah South Quarry. The Applicant is proposing to establish and operate a hard rock quarry at a site approximately 4km northeast of Karuah, including:

- extracting approximately 11 million tonnes of hard rock at a rate of up to 600,000 tonnes per annum;
- processing and stockpiling quarry products onsite;
- transporting quarry product by road; and
- progressively rehabilitating the site.

The EIS will be publicly exhibited from 24/04/2019 to 21/05/2019 .

The Department invites you to provide expert advice on the proposal, including advice on recommended conditions by the due date.

The Department notes that agencies and council's included in this email have yet to register accounts in the new major projects website:

<https://majorprojects.planningportal.nsw.gov.au>

Could you please register an account promptly so that receipt of your respective advice can be streamlined.

In the meantime, the EIS and supporting documents have been made available via the former website at:

http://www.majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=8795

If you have any enquiries, please contact Anthony Barnes on (02) 8298 6709 at anthony.barnes@planning.nsw.gov.au.

Sincerely,

Anthony Barnes
