

INTERNATIONAL  
**MAARIF SCHOOLS**  
OF AUSTRALIA

To the Resident  
2A Percy Street  
Auburn NSW 2144

06/11/2020

Dear Sir/Madam,

**RE: International Maarif Schools of Australia – Gallipoli Campus – SSD-8926 Mod 1  
Request for Consultation / Input**

International Maarif Schools of Australia (IMSA) Gallipoli Campus has recently submitted a modification to the approved State Significant Development (SSD) application No. SSD-8926 and understands that you have made a submission in regard to the modification application. We would value an opportunity to consult with you and discuss the matters raised in your submission.

We also note that Condition B2 of the development consent requires consultation with yourselves regarding the potential need for acoustic treatment of the south-facing first floor window of your dwelling, which would be provided at full cost to the School. We would like to arrange an opportunity to meet with you and discuss the requirements of this condition, the nature of any concerns you may have, and confirm if an agreement can be reached to provide window treatment as set out under Condition B2 of the consent.

To arrange an opportunity to discuss the above matters with the School, please contact the undersigned on 1800 622 743

Izzet Anmak

Assistant Project Manager
