Subject: Sell & Parker – Noise – Objection - DPIE submission for operational capacity increase

Dear Councillor Gillies,

My husband, Stewart Gough, has shown me a copy of his email to you of 16 October 2020 and your reply email of 16 October 2020 relating to the application by Sell & Parker to increase their operational capacity to 600,000 tonnes per year.

I live with [REDACTED] and my mother-in-law at [REDACTED] Turner Street, Blacktown.

I frequently hear noise from their facility and it intrudes on my ability to peacefully enjoy our home.

I very much OBJECT to their application unless they solve the noise problems associated with their operations, and I hereby consent to you including me in the objection you will lodge.

You are welcome to contact me anytime if needed.

[REDACTED]

[REDACTED]

Kind regards,
[REDACTED]
