Subject: Major projects/Project/25901 - Sell and Parker - Noise pollution/Air Pollution/Traffic Congestion/Co2 emissions

Dear Councillor Gillies,
I refer to the application by Sell and Parker to increase their operational capacity to 600,000 tonnes per year. I live at [REDACTED] Turner street with my family and we frequently hear heavy banging noise from their facility. Not only the heavy banging noise but also the trucks that transport heavy recycling products to the facility movements and traffic congestions in the busy Sunnyholt road these intrudes on our ability to peacefully enjoy our home and our quality of life.
I very much Object to their application unless they solve the noise and dust pollution problems associated with their operations, and I hereby consent to you including me in the objection you will lodge.
You are welcome to contact me anytime if needed.
Jega Nadarajah CA CPA JP
