BULGA COAL

MINING UNDER BROKE ROAD Notice of road repairs

Bulga Underground Operations would like to advise that longwall panel 3 in our Blakefield South mine will pass under a section of Broke Road from the end of November for approximately 3 months.

Mining will cause the road surface to subside along a 1km section of Broke Road, about 3km north of Broke and 15km south of Singleton. Monitoring and temporary repairs to the road are expected to take around 12 weeks depending on the progress of mining and the weather.

Bulga Underground Operations will be working with Singleton Shire Council and the Mine Subsidence Board to safely manage mining under public roads, and to minimise inconvenience to the public.

During undermining reduced speed limits, traffic control and road monitoring will be in place 24 hours a day. Lighting towers will also be in place to provide safe conditions for staff undertaking road monitoring and repairs as required.

Your patience during this time is appreciated.
