G'day Michelle – all the NPWS ducks have lined up... how about changing the SoC to the below:

“A minimum of \$15,000 must be paid to the NSW National Parks and Wildlife Service (NPWS) for the management of adjoining land within the Meroo National Park. This funding is to be utilised to undertake management actions which benefit the White-footed Dunnart.

All funds must be paid to the NSW NPWS prior to the release of the subdivision certificate for Stage 6 of the approved development”

AND

“A minimum of \$15,000 must be paid to the NSW National Parks and Wildlife Service (NPWS) for the management of adjoining land within the Meroo National Park. This funding is to be utilised to undertake management actions which benefit *Cryptostylis hunteriana*.

All funds must be paid to the NSW NPWS prior to the release of the subdivision certificate for Stage 6 of the approved development”

We would happily accept the funds earlier, I used the stage 6 sub-cert trigger based on the suggestion from the proponent

Happy to discuss further

Cheers, Dan
