Dear Brett,

**Re: erection of Osprey platform and nest at  
Lot 3 DP 583296 Edinburgh Drive, Taree**

It is my opinion that the proposal to place the platform at the location indicated in the attached letter and map is an acceptable solution. I would suggest also that several perching poles be erected near (within 50 m of) the platform if this is feasible and there are no large live or dead trees in the vicinity, to provide fledgling Ospreys with safe perches.

Regards,
