Dear Mr Reed

**Ivanhoe North Rehabilitation Project
75W Modification (05_0103 Mod 1)**

I refer to your letter dated 9 December 2011 inviting comments, including advice on recommended conditions of approval from the Division of Resources and Energy on the proposed modification to the above rehabilitation project.

DRE have reviewed the proposed modification to the Ivanhoe North Rehabilitation Project (05_0103 Mod 1). The only significant change is the extension of the work timeframe.

As there are no significant additional environmental impacts resulting from the modification, DRE does not require the inclusions of additional conditions of approval.

DRE supports the proposed modification.

Yours sincerely
