Dear Ms Dorocińska

**Orora Paper Mill (MP 05\_0120 MOD 9)  
Statement of Environmental Effects**

I refer to your email of 13 May 2019 to the Department of Industry (DoI) about the above matter.

The following advice for you to consider is from relevant branches of Lands & Water and Department of Primary Industries.

**DoI – Water and Natural Resources Access Regulator**

- The total groundwater take for the proposed modification is 2,920ML/y. The site WAL36382 has a take of 2,920ML/y from the Botany Sands Groundwater Source. The proponent must ensure it takes water from this water source in accordance with its licence conditions. If additional water is required, the proponent will need to ensure additional licence entitlements are obtained.

Please send any further referrals to Department of Industry by email to [landuse.enquiries@dpi.nsw.gov.au](mailto:landuse.enquiries@dpi.nsw.gov.au).

Yours sincerely

Liz Rogers
