Moorebank, NSW
2170

Content:

We are opposed to this proposal based on the following grounds:

1. We are worried about the smell and sound this recycling plant will create once fully operational. This plant is next to a residential area. It is best to relocate this plant in an industrial site or a remote area.
2. The development of Georges Fair Estates was aimed to promote a peaceful and great family friendly environment. This recycling plant is contradictory to this aim. It is like building a brothel next to a primary school.

We trust that you listen to the voice of the people.
