30 March 2013

To THE NSW Department of Planning

Sir / Madam

We write to you to object to the proposed construction of a materials recycling facility on Newbridge Road, Moorebank (lot 6 DP 1065574).

We have purchased a block of land, lot 4331 Speare Street, Moorebank and are in the process of building our New Home. We have spent thousands of dollars in trying to keep our new home dust and noise free.

Under normal circumstances this would suffice for us to enjoy our new home and the benefits of our hard-earned life savings.

But an industrial development of that magnitude will cause us nothing but hardship and will affect adversely our lifestyle, reduce the value of our property and will affect our health because of emotional stress.

WE URGE YOU TO REJECT THE PROPOSAL TO BUILD THE RECYCLING FACILITY ON NEWBRIDGE ROAD, MOOREBANK.

We look forward to receiving a reply in our favour from you soon.

Yours Sincerely,  
Arnolf Lackner Marie Lackner
