Need your intervention - Moorebank recyclers

Subject - Need your intervention - Moorebank recyclers Message - Respected Madam,

This is my second email on the Moorebank recyclers building a plant in Georges Fair Moorebank. The article below was aired last night i hope you can have a look at this and make a difference to our community.  
<http://aca.ninemsn.com.au/article/8625573/housing-dream-shattered>

I really wish this email doesnt go unnoticed, we really dont feel secure in investing anywhere after what we have heard and seen. Is this issue really politically motivated? Can anyone take the responsibility of helping us? I am shocked that the Liverpool Council and NSW planning division is blind folded by risking health of their own people. Has recycling become so necessary by risking a common mans life? If at all there is money laundering happening and all the talks coming out during the election is no one ready to put an end to these by demonstrating strong leadership and care for the community?

I kindly seek your involvement into this matter amidst your busy schedule, please help us.

Thanks & Regards,

Pradhyumna Prabhakar
