Content:

I am writing this to express my outrage over recent developments re Moorebank Recycling Plant Pty Ltd, Project application number 05\_0157, proposed to built, alarmingly close to residential developments.

I am a future resident of Georges Fair, Moorebank. Myself and many others have many concerns regarding this project. Those include the health implications that such a facility right on our doorstep would have on our families and children.

I am concerned about the hundreds of extra heavy trucks that will be generated in our neighbourhood per day, the health risks of hundreds of thousands of tonnes of possibly hazardous waste, increased noise pollution, the impact of the environment and native surrounds of the environment and for the very real effects that this will have on land property prices in which greatly affects all of those who have worked so hard for our homes in this area.

Why, when this development proposal did not proceed in the last several years, is it back on the agenda again? When so many new families are building homes and lives in this area of Moorebank.

I ask you to please consider and use your power to oppose this very unpopular development proposal from occurring so close to our livelihood. This is not the appropriate area for such an industrial facility.

To Whom it My Concern

I am writing this to express my outrage over recent developments re Moorebank Recycling Plant Pty Ltd, proposed to built, alarmingly close to residential developments.

I am a land owner and future resident of Georges Fair, Moorebank. Myself and many others have many concerns regarding this project.

Those include the health implications that such a facility right on our doorstep would have on our families and children.

I am concerned about the hundreds of extra heavy trucks that will be generated in our neighbourhood per day, the health risks of thousands of tonnes of possibly hazardous waste, increased noise pollution, the impact of the environment and native surrounds of the environment and for the very real effects that this will have on land property prices in which greatly affects all of those who have worked so hard for our homes in this area.

Why, when this development proposal did not proceed in the last several years, is it back on the agenda again? When so many more new families are building homes and lives in this area of Moorebank.

I ask you to please consider and use your power to oppose this very unpopular development proposal from occurring so close to our livelihood. This is not the appropriate area for such an industrial facility.

Any input you have is greatly appreciated.

Yours Kindly

Nicole Baca
