Attachments: Project 05 0157.pdf

Hi

Attached are the details of the reasons for my opposition to the development (Project No: 05 0157 - Morebank Waste Processing)

I have already faxed the same, but just want to ensure that it is not lost in the pile of similar faxes, hence the email.

Other than the reasons mentioned in the attached document, I have only one simple question to the developer (Managing Director of Moorebank Recyclers - Mr Brent Lawson) and the planning approval authority

Do you like to have the same development either in your backyard or your neighbourhood?

Already we are experiencing the strong foul stench and noise from the existingg Benedict Recyclers, Ever since the 2 years that I have lived at Georges Fair, I can say that they have increased the capacity by looking at the number of mountains of recycled materials growing!

Please don't make it worse by approving another disastrous development

Regards

Muralidhar Raghavan

14, Biddle Street (Georges Fair)

Moorebank, NSW 2170
