Dear Sir or Madam:

**RE: Proposed Materials Recycling Facility – Moorebank (05\_0157)**

My husband and I purchased land at George Fair and are yet to commence construction.

We chose Georges Fair due to its proximity to the city and its family and community feel. It would be an ideal place to raise a family. We have both worked really hard to save for our house.

We were disappointed to learn a Recycling Plant could be built in the near future as we were not made aware of this when making our purchase.

We are against this proposal for numerous reasons. After reading the proposal, the facility will operate from Monday to Saturday with a large volume of trucks passing through 6 days a week. This will cause more traffic in the area, not to mention the noise caused from compression braking from trucks.

We have paid a premium for our land at George Fair and having a recycling plant in close proximity will devalue all properties in the area.

We would like to see the recycling plant relocated to an industrial area, away from any residential area.

Yours sincerely,

[REDACTED]
