Proposed Materials recycling Facility -Moorebanks (05\_0157)I

I live at Wattle Grove and am absolutely appalled that you are considering putting a recycling plant into a suburban area. I am 76 years old and did not think I would see the day that councils could put the public at health risk with dust, noise, vibration, stress, sleep apnia etc through trucks, extra traffic, crushing of construction wast.

Get real and say NO to this, what happened to government for the people.

The extra traffic it will put on the road throughout our small communities from Wattle Grove, Moorebank, Milperra, Georges Fair, Hammodville, Warrick Farm. Liverpool will be horrific.

Please look at the effect this will have on the lives not only people who live in these areas now but generations to come, this is absolute madness, listen to the people and consider us, our children and grandchildren to come, say NO Please say No
