We moved to this area for the peace and quite suddenly we find out that we are going to share the road with almost 350 trucks per day between coming in and leaving the plant which come to 1 truck every 1 minute and half. As now we have to wait for a considerable time to get out of the area how about after I have to share the road with trucks which their driver eager to get to the next pick up job. How about the pollution (dust, noise....). The value of our home will be reduced dramatically. So it a lose lose deal .
