Dear Mr Haddad,

Munmorah Gas Turbine Facility – Application for modification of Minister's approval for Munmorah Gas Turbine Facility Project

Delta Electricity requests the Minister to modify the Minister's approval for the construction and operation of the Munmorah gas turbine facility (Application No 05_195) in accordance with Section 75W of the *Environmental Planning and Assessment Act 1979*.

The requested modifications relate to the amendment of Clause 2.12 and Clause 2.13 of the General Terms of Approval (GTA) issued for the Munmorah Gas Turbine Facility (application No: 05_0195, File No: 9037381, dated 31 July 2006) and can be summarised as follows:

- amendment to the Maximum Allowable Noise Contributions stipulated in Table 3 of the current GTA in the event that low frequency characteristics are measured in accordance with Table 4.1 of the NSW Industrial Noise Policy; and
- re-wording of Clause 2.12 of GTA to be consistent with Chapter 5 of the NSW Industrial Noise Policy.

A report which provides the supporting information to justify the requested modifications has been prepared by Parsons Brinckerhoff and is attached to this letter for your reference.

Delta Electricity trusts that the information provided will prove satisfactory. Please do not hesitate in contacting our office should further information be required.

Thank you for your assistance in this matter and we look forward to your prompt response.

Yours faithfully
