Dear Ms Thornton

**Re Four Arrows Ethanol and Dairy Project – modification to Major Project No 06\_0020**

I refer to your electronic mail dated 5 October 2016 to the Environment Protection Authority (EPA) seeking comments on a modified major project approval application made by Eagle Energy Pty Ltd for the Four Arrows Ethanol and Dairy Project located at Lots 79, 78 and 80 DP 750896 Kidman Way Coleambally.

The EPA understands that the modification proposes to extend the lapse date of the project approval and incorporate a smaller Murrumbidgee Shire Council approved ethanol plant (DA 121213) as Stage 1 of the project. We have reviewed the information provided and determined that we have no objections to the proposed modifications.

Where a modified project approval is granted by the Department of Planning and Environment the applicant must consult with the EPA about the requirement for an environment protection licence prior to commencement of construction works for Stage 1 and/or Stage 2 of the project.

If you have any further enquiries about this matter please contact Jason Price by telephoning 02 6969 0700.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Darren Wallett', followed by the date '20/10/16' written in blue ink.
