Re: HOLCIM DUNLOE SANDS MODIFICATION 2 TO Project Approval 06/-0030,
Application No. MP 06_0030 MOD 2.
Proponent – Holcim Aust P/L Location – Pottsville-Mooball Rd, Pottsville.

Description of Proposed Modification: The Modification seeks to amend consent conditions to allow an increase in and out of the site from 80 to **240 daily truck movements Monday to Friday** and 40 to **120 daily truck movements on Saturdays**.
300% Truck movement increase until the year 2035.

I OBJECT to the above proposal for the following reasons:-

1. Truck movement activity is within a critical Koala habitat linkage precinct & will have a significant negative impact on the movement, health & survival of the koala which is now listed as endangered.
2. The Comprehensive Tweed Coast Koala Plan of Management in our Tweed LEP has not been adhered to.
3. The pottsville-mooball road trip is a very scenic, country feel road & makes a very beautiful & peaceful drive into Pottsville. These qualities significantly contribute to the value & quality of the town & should be protected.
