Attention: Jack Murphy

Dear Mr Murphy

**RE: Project Approval 06\_0074 Modification Request No. 5 Boral Peppertree Quarry - Marulan  
Response to Submissions**

I refer to your emails of 4 February and 4 March 2019 in which you provided the NSW Environment Protection Authority (EPA) with a Response to Submission (RtS) by Boral Resources (NSW) Pty Ltd (Boral) for the Modification 5 proposal for the Peppertree Quarry at Marulan (Project Approval 06\_0074).

The RtS provided to the EPA on 4 February referred to specific issues that Boral wished to discuss directly with the EPA regarding the EPA's recommended conditions relating to noise as submitted to the Department of Planning and Environment (DP&E) on 12 December 2018. The EPA met with Boral on 21 February to discuss these issues and as a result of the meeting, the EPA has agreed to modify two of the recommended conditions. The agreed changes are presented in **Attachment 1**.

The EPA notes that these agreed changes are presented in the final RtS as presented to the EPA on 4 March 2019, and therefore the EPA has no further comments to make on the RtS or the Modification proposal, with the exception of the changes noted in **Attachment 1**.

I trust these comments are of assistance. If you have any queries regarding this letter, please contact Michael Heinze at the EPA's South East Region office in Queanbeyan on (02) 6229 7002.

Yours sincerely
