landscape plan

Level 1 and 2 Communal Courtyard

- 1 Entrance courtyard from building with 'lookout'. Access to be on grade.
- 2 Mass planting for screening between communal and private terraces. Massed planting consists of indigenous species only.
- 3 Tree planting zone in slab downturn. Trees are a combination of evergreen Tuckeroos and deciduous Pyrus trees. Both species are exposure tolerant
- 4 Seating terraces for privacy nested within the planted slope. Decorative brick seat and retaining wall flanked by turf slope.
- 5 Sculptural seating tree surrounds to match detail of decorative benches.
- 6 Breaks in tree spacing to allow solar access to courtyards and allow framed views.
- 7 Informal gravel access way interplanted with drifts of low planting to provide an informal atmosphere.
