Dear Ms Flanagan

**Genesis Waste Management Facility (06_0239 MOD 5) – Requests for comment on the
Modification Application of the proposed Pre-Sort Enclosure**

I refer to your correspondence on 22 May 2015 sent to the Environment Protection Authority (the "EPA") regarding ThaQuarry Pty Ltd's ("the Proponent") response to Submissions for the proposal to construct and operate a Pre-Sort Enclosure at the Genesis Waste Management Facility, being Lot 1 and 4 in DP 114 5808 ("the Premises").

The EPA has reviewed the Proponents response to the Submission comments by the EPA on 14 April 2015 and has no further comments to provide on the Genesis Recycling Facility MP 06_0239 MOD 5.
