Dear David,

OEH has review the proposed modification and given there will be no additional impacts to vegetation, additional ground disturbance or increases to flooding levels, OEH has no comment to make.

Regards

Susan

Hello Damien, Rob

The Department has received a section 75W modification application and Environmental Assessment (EA) from SITA Australia Pty Ltd in respect of the existing AWT facility at 1725 Elizabeth Drive, Kemps Creek.

The proposed modification involves a number of upgrades to the existing compost maturation pads. I have attached a copy of the EA for your perusal.

The Department would like to invite your comments on the modification by **Wednesday 22 January 2014**.

Please feel welcome to telephone or email me if you have any questions.

Regards

David Mooney | A/Team Leader
