Mr Alan Bright
A/Director
Metropolitan & Regional Projects South
Department of Planning & Infrastructure
GPO Box 39
SYDNEY NSW 2001

Attention: Caroline Owen

Dear Mr Bright

Subject: Section 75W request to modify the approved Concept Plan and Project Application for West Keira Development and Wollongong Central Redevelopment, Wollongong (MP06_0335 MOD 2 & MP06_0209 MOD 4)

Reference is made to your letter dated 30 April 2012 advising that a modification has been lodged for the above project.

The Heritage Branch notes that proposal involves modifications to the approved customer vehicle access into the West Keira redevelopment from Richardson Lane to a new access point off Market Street, Wollongong.

The modifications are unlikely to affect the heritage outcomes arising from the development and therefore, the Heritage Branch has no objection to the modifications.

The Heritage Branch is aware that archaeology of Local significance has recently been found at the site. You are advised that this finding was not notified to the Heritage Council in accordance with S146 of the Heritage Act (which is not suspended by the operation of the Major Project consent). However, the Heritage Branch understands that the archaeology has been recorded in accordance with the archaeological research design and strategy previously reviewed by the Heritage Branch with correspondence issued on 13 January 2012.

Thank you for referring this project. Please contact Siobhan Lavelle at the Heritage Branch if you have any further queries at this time.

Yours sincerely

17/05/2012

Vincent Sicari
Manager, Conservation Team
Heritage Branch
Office of Environment & Heritage
