Dear Sir

**Re: Shoalhaven Starches Ethanol Expansion Project  
06\_0228 MOD 12 Beverage Grade Ethanol  
Evaporator Footprint**

---

Further to the Beverage Grade Ethanol (2017) approval, we have now completed the detailed design for the Evaporator which was part of the Mod 12 Approval.

The approved Evaporator is a five vessel unit and we now intend to construct a three vessel unit which has a larger footprint and improved energy efficiency.

The approved Evaporator footprint will accommodate one vessel and we need to vary the approval to accommodate the footprint of the other two vessels.

Attached, please find the following drawings:

We request your approval for this variation.

Yours faithfully
