Dear Mr Ritchie

Development	Sinter Plant Upgrade Project - Modification to submit all 1A and EM reports tri-annually
Location	Lot 1 Five Islands Road, PORT KEMBLA NSW 2505

I refer to your letter dated 3 July 2014 seeking Council's comment in regard to the Bluescope Steel Pty Ltd (the proponent) request to modify the above project pursuant to Section 75W of the Environmental Planning and Assessment Act 1979.

Council has reviewed the modified proposal to align the Independent Reporting and Environmental Management reporting. This modification also involves the deletion or amendments to conditions that are no longer relevant to Bluescope's existing operations or are now covered by the EPA License.

Please be advised that Council raises no objection to the modification.

Thank you for providing Council with an opportunity to review and supply comment on the proposed modification.

Should you require any further assistance with regard to this matter please contact Rachel Harrison, Senior Development Project Officer, on 4227 7111.

Yours faithfully

David Farmer
