Good Morning Denise & Paul,

I have just reviewed the following amended submitted plans for the Casuarina Town Centre:

- 13/054 by Newton Denny Chapelle
- C-0010 B by Clarence Property
- C-0016 A by Clarence Property

We now support the amended plans produced as we feel our previous concerns and objections have been addressed within these amendments. We have no objections for these plans to be approved by council. Our executive chairman has also confirmed his support and has briefed the owners corporation accordingly to which we all approve. Recommendation from Mr Andy Kilpatrick will also be sent shortly.

Should you need to discuss our recommendation of support any further, please do not hesitate to contact me at the retreat.

Regards,

Carl Taranto
