Subject: FW: Hunter Valley Operations South - Modification 5 (MP 06_0261)

Dear Lauren,

I refer to your email below advising Roads and Maritime Services ("Roads and Maritime") of the proponent's response to submissions.

No objections were raised in Roads and Maritime's previous correspondence dated 23 March 2017 as the proposed modification will not create additional vehicle movements as coal is processed on-site and transferred via the internal rail network.

Again, no objections are raised.

Regards,

Kylie-Anne Pont
