

Dear Iwan

As discussed, Council has no specific comment regarding Cadia modification 10.

Council does ask that the project approval ensures that the intersection of Cadia Road and the new site access is constructed to the satisfaction of Council.

In this regard Council notes a Road Opening Permit under section 138 of the Roads Act 1993 is required to be obtained from Council prior to works commencing for the new site access road intersection with Cadia Road.

Thanks Mark
