Dear Mr Winwood

**Cadia East Project  
Blayney Dewatering Facility Modification**

I refer to your recent letter seeking comments from Industry and Investment NSW (I&I NSW) on the Environmental Assessment (EA) lodged by Cadia Holdings Pty Ltd for the modification of its project approval for the Cadia East Project 'Blayney Dewatering Facility'.

I&I NSW has reviewed the EA and is satisfied that the current dewatering facility and the proposed modification does not impact on responsibilities under the jurisdiction of I&I NSW.

I&I NSW have no recommended conditions of approval for the proposed modification to the dewatering facility.

Yours sincerely

  
Brad Mullard  
Executive Director Mineral resources
