Date: Friday, 17 April 2015 3:37:02 PM

Dear Elle,

Blayney Shire Council refers to Cadia East Gold/Copper Project Modification (PA 06_0295 mod 6) – Exhibition detailed in your email below.

Based on the information contained within the EA and phone conversation had today with Mr Andrew Wannan (Approval Manager, Cadia Valley Operations) which confirmed all additional heavy vehicle truck movements are internal to the site Blayney Shire Council can advise it will not be making a submission regarding the proposed modification.

Should you require anything further please don't hesitate to contact me on 0263689602.

Kind Regards,

Mark Dicker
Director Planning & Environmental Services

Subject: Cadia East Gold/Copper Project Modification (PA 06_0295 mod 6) - Exhibition

Does this message need to be registered in the corporate recordkeeping system ?

Good morning

Cadia Holdings Pty Limited has submitted an application to modify its project approval for the Cadia East Gold/Copper Project.

The proposed modification involves increasing the approved ore processing rate at the mine from 27 million tonnes a year to 32 million tonnes a year.

This would be achieved by upgrading and/or constructing additional crushing, grinding and flotation facilities, and increasing the capacity of product trains. A temporary mobile crusher would be installed during construction of these facilities, and temporary trucking would be used until conveyors are installed.

There would be no change to the approved disturbance footprint, or the approved mining methods.

The modification application and Environmental Assessment (EA) will be on public exhibition from **Thursday 16 April 2015** until **Friday 1 May 2015**. These documents may be viewed on the Department's website at the commencement of the exhibition period (<http://majorprojects.planning.nsw.gov.au/page/on-exhibition/>). I have also arranged for the proponent to send you hard copies of the EA.

It would greatly appreciated if you could make a copy of the EA available for inspection at your office during the exhibition period. I also invite you to make a submission on the modification, including any recommended conditions, by **1 May 2015**.

Kind regards,

Elle

Elle Donnelley
