Elle,

We have reviewed the documentation presented as part of this modification and at this stage we have no comments to make in regard to the proposal or the proposed conditions of approval.

Do not hesitate to contact me if you have any questions regarding this response.

Thanks,

Peter

Subject: Rasp Mine Modification 3 - Exhibition of EA

**Exhibition of Environmental Assessment
Rasp Mine Modification (PA 07_0018 Mod 3)**

Good morning,

Broken Hill Operations Pty Ltd has submitted an application to modify its project approval for the above project.

The proposed modification involves a western extension of underground mining operations to access approximately 316,000 tonnes of high grade ore over a 2 to 3 year period. The modification would not result in any changes to the mine's approved extraction and production limits, or the duration of mining operations.

The modification application and EA is on public exhibition from **Friday 14 November 2014** until **Friday 12 December 2014**. I have arranged for the proponent to supply you with copies of the EA

directly. These documents may also be viewed on the Department's website (http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=6796).

I also invite you to make a submission on the modification, including advice on recommended conditions of approval, by **12 December 2014**.

Kind regards

Elle Donnelley
