Mr Pascal van de Walle  
Senior Planning Officer, Major Projects Assessment  
Department of Planning and Environment  
GPO Box 39  
SYDNEY NSW 2001

Dear Mr van de Walle

**RE: ENVIRONMENTAL ASSESSMENT FOR SECTION 75W MINOR MODIFICATION TO PARK FUELS  
PROJECT APPROVAL – MARINE FUEL STORAGE / DISTRIBUTION AND BIODIESEL PRODUCTION  
FACILITY, KOORAGANG ISLAND**

I refer to your email dated 6 June 2014 requesting comments on the accompanying Section 75W Minor Modification to 'Park Fuels Marine Fuel Storage / Distribution and Biodiesel Production Facility' Project Approval (PA 07-0066 MOD 2) Environmental Assessment (EA), including attachments, dated 21 May 2014.

The Office of Environment and Heritage (OEH) has reviewed the EA and have no concerns or objections regarding this proposal with respect to impacts on biodiversity values (including threatened species matters), Aboriginal cultural heritage and coastal flooding. This is due to the highly disturbed nature of the development site and that the modification relates to the changes of tank design, which will not impact on matters of interest to OEH.

If you require any further information regarding this matter please contact Steve Lewer, Regional Biodiversity Conservation Officer, on 4908 6837.

Yours sincerely

17 JUN 2014
