Hi Anthony,

I requested comment from our traffic engineers on your proposed modification. They noted that the proposal does not appear represent an intensification of heavy vehicle movements and as such, did not raise any objections.

They also noted extending the hours of operation will allow some of the heavy vehicle movements to occur outside of the peak travel times on Nelson Bay Road, which should not negatively impact safety and congestion.

Hopefully this advice assists in your endeavours.

Kind Regards,

**Ryan Falkenmire**  
Development Planning Coordinator
