MODIFICATION OF CONSTRUCTION HOURS FOR ROAD WORKS – IKEA TEMPE**

---

Dear Allan,

I refer to your letter dated 28 June 2011 (Reference: MP07\_0149 MOD 6) regarding modification of construction hours for the IKEA development in Tempe, which was referred to the RTA for review and comment in accordance with *Section 75W* of the *Environmental Planning and Assessment Act, 1979*.

The RTA has reviewed the development application and raises no objection to the proposed amended construction hours being extended until 30 November 2011, subject to the existing Traffic Management Plan and any necessary Traffic Control Plan being revised by a suitably certified practitioner and submitted to the Department of Planning and Infrastructure and Council for review. In addition, the Department shall ensure that the night time works are undertaken in accordance with the DECC Interim Construction Noise Guidelines (2009).

Should you require any further clarification in relation to this matter, please contact Land Use and Transport Planner, Aleks Tancevski on 8849 2313.

Yours faithfully
