Dear Sharon

**RE: Proposed Mixed Used Development
Tweed Coast Road, Cabarita NSW**

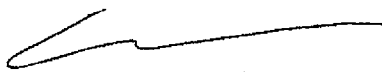

We refer to our recent discussions regarding the above proposed development and requirements to use only delivery vehicles with an overall length of 12.5metres.

Woolworths acknowledges the limitations on truck movements in mixed use developments and inner city locations through our experience with similar developments. Of note, Woolworth's service's existing stores such as Bulimba, Kelvin Grove, Ascot and Surrey Hills (NSW) with rigid vehicles.

We are able to service this store with a truck size noted above.

Please feel free to contact me with further enquiries.

Yours sincerely
WOOLWORTHS LIMITED
