Hi Belinda,

Thanks for taking the time to talk with me this morning about Lot 62 133-145 Lenore Lane Erskine Park. As discussed, please see below to correspondence with Logos Property – the developers.

TransGrid is now happy with the solution proposed in relation to access to our easement at the rear of the property.

The attached drawing is the one TransGrid has now signed off on and we have informed the Department of Planning of our consent.

Should you want to discuss any aspect of this matter, please don't hesitate to contact me on 9284 3105.

Regards,

**Greg Russell**

Thanks David.

The plan you supplied yesterday evening (Wed 13 Feb 2013 @ 17:46) and the undertakings made below adequately address TransGrid's concerns. The plan is acceptable with the addition of the section through the proposed access track (at 1:200).

Approval is hereby given to proceed with the DA as outlined in the attached drawing No SRG-EP-DA – DA-002 REV F.pdf. Please note there have been several 'Revision F's' so the latest drawing is attached for the record.

Once your DA has been approved, we look forward to hearing from you again in relation to the matters under discussion to ensure compliance with the conditions TransGrid has set out.

Regards,

**Greg Russell**
