

30/5/2011

A quick review has been undertaken of this modification request. It is noted that the development footprint (both bulk and scale) has been reduced. The Office of Environment and Heritage (OEH) also note that Ministers 'Conditions of Approval' has been conditioned should Aboriginal relics be discovered during the course of the development (note of copy of these conditions were not provided with your request).

Given the above conditions of approval, OEH will not be undertaking further review of the proposal and has no further matters to raise in respect of this proposal.
