

Attachment C – Images

Zone 1A Remediation Area

Figure 1 Zone 1A

The figure above illustrates the contamination zones in the northern portion of the site. As illustrated, no works are proposed in the retained lands, including the conservation areas. The Western Residential Precinct is identified in **Figure 2** below. This image is provided as an example of the area excluded for remediation. No remediation will occur on any retained lands in any zone located across the Western Residential Precinct boundary, including Zones 1A and 3.

Western Precinct site boundary

Figure 2 Western Residential Precinct boundary

All demolition works and remediation works proposed under the Section 75W application to MP 08_0069 are within the Western Residential Precinct boundary, outlined above.
