Response to Submissions**

I refer to your email of 3 December 2018 to the Department of Industry (DoI) in respect to the above matter. Comment has been sought from relevant branches of Lands & Water and Department of Primary Industries. Any further referrals to Department of Industry can be sent by email to landuse.enquiries@dpi.nsw.gov.au.

The department provides the following comment and recommendation for consideration in assessment of the proposal.

Comment

The department notes the proponent has committed to address matters, raised by the department at EA stage, prior to the release of the construction certificate (when detailed designs are available).

Recommendations Post Project Determination

Should the project be approved, the Department recommends the following:

- Detailed designs, groundwater investigations and relevant management plans should be referred to DoI - Water for review.

Results of further groundwater studies may result in the need for additional conditions or management measures to be implemented to monitor and manage impacts on groundwater sources.

Yours sincerely
