Dear Megan,

Re: Integra Underground Coal Mine – Modification 8 (MP 08 0101)

The DSC has reviewed the Environmental Assessment for Integra Underground Coal Mine MP 08_0101 MOD 8 as requested in your email of 6/12/2016.

The project application area for LWs 15-20 impacts the Mount Owen Notification Area which surrounds the Mount Owen Rail Loop Tailings Dam. The Mount Owen Rail Loop Tailings Dam is a prescribed dam of 'Significant' consequence category in the event of dam failure.

Under the Dams Safety Act 1978 (NOTE the Dams Safety Act 2015 has not been enacted) the Dams Safety Committee ensures the safety of prescribed dams.

Proposed mining within the Mount Owen Notification Area will need to be endorsed by the DSC and the Company will need to apply to the DSC to this end.

If you have any further queries please do not hesitate to contact me on 9842 8077.

Yours Sincerely

Bill Ziegler
