Subject: Section 75 application for major project 08_116
CC: Garry Verran <gverran@energy.com.au>

Ben,

Further to our telephone call regarding the document which was sent to us for comment.

We have only recently received the document, therefore we are only able to reply now.

Following perusal of the document, from Ausgrids point of view, can see no significant issues that will affect the project and no issues resulting from the project.

Any environmental issues associated with Ausgrid would have been considered as part of the Environmental Assessment for the project.

Therefore we have no objections to the project.

Regards
John Menegus
Engineer - Planning, West
