Marshall Bulk liquid fuel
Storage Facility.

415 Kitchener Ave
Mayfield Q304.
21st Nov. '11.

Dear Sir Madam,

I am writing to lodge my strong objections to the proposed Marshall Bulk liquid fuel Storage facility on the former B.H.P. Stevedores site at Mayfield East.

I believe this could create potential dangers in the event of an accident on the site. For this to be built in such a densely populated area in the proximity of the Newcombe City Council as steel manufacturers, to put it mildly.

It would also create enormous traffic problems with increased truck movements and noise.

Yours faithfully
Mrs) Pamela Morganster
