

APPLICATION NUMBER MP 08 0167 MOD 2 ATTENTION NATASHA  
HARRAS COUNCIL AREA KEMPSEY (PVL: 130758)

William Barry & Margaret Elaine Walls,

9TH  
NOVEMBER 2016.

Dear Natasha,

Thank you for allowing the extended time for our submission of objection.

We should have received your letter as the Post Office is holding all our mail as it comes and then puts the mail in our P.O. Box.

We are most concerned as we have subdivided and sold some of our land to the Residents in Belle O'Connor Street, Burrawong Drive, and Rosedale Avenue.

Some of the Residents came to us and made us aware of the letter and modifications wanted, and all are anxious to know what is planned and when, ourselves included.

It is a frustrating situation as our boundary adjoins the boundary of the land in question.. We do not have information as to who owns this land, or the correct name for this subdivision as there have been changes to this development over several years. We would like to know if this land is really to be developed and if the roads will all be done at the same stage. We have already endured masses of dust due to tree and vegetation removal a few years ago from land that was once beautiful low lying swampy bushland with massive birdlife.and we personally are extremely concerned as to the water drainage from our property and where it ends and for future contamination of the natural lake nearby. Since there has been some roadwork carried out on our boundary the wet land on our property seems to have grown larger, and is slower to disperse. There has been a lot of kaolin (white clay) used on the road which concerns us for natural drainage.

What order would lots be staged? Is the Council involved with this road as this road is taken off the roundabout originally on our land and we built?

We are most anxious to hear from you, as are our Residents. We are prepared to drive to Sydney to meet you Natasha to discuss this.

Yours sincerely,

Barry & Margaret Walls
