**SECTION 75W MODIFICATION TO GLOBAL SWITCH DATA CENTRE
273 PYRMONT STREET, ULTIMO**

Dear Mr Bright,

I refer to your letter of 17 January 2012 (MP08_02222 MOD 2) with regard to the above-mentioned Major Project Section 75W application which was referred to the Roads and Maritime Services (RMS) for comment.

RMS has reviewed the application and raises no objection to the application as the proposed modifications will not have a significant traffic impact on the classified state road network.

Any inquiries in relation to this development application can be directed to Sevda Huseyin, Assistant Planner on telephone 8849 2914.

Yours sincerely

A handwritten signature in dark ink, appearing to read "J Hall".

James Hall
Senior Land Use Planner
Transport Planning Section, RMS
