Dear Ingrid

**ORANGE PRIVATE HOSPITAL MODIFICATION 4 (MP08\_0233 Mod 4)**

Further to our letter dated 8 August 2019 and in response to your request for additional information dated 5 August 2019, please find attached plan which provides further details of the roof top garden.

I understand that we have now addressed all requests for information. We trust that this is satisfactory.

So that I may keep my client informed, could you please provide an estimate as to when the modification might be determined. This advice would be greatly appreciated as my client is subject to certain timing commitments with the delivery of this project.

Yours faithfully

***Peter Basha Planning & Development***
