Dear Mr Brown

**MP 09\_0051 – Section 75W Modification 1 to approved Centre for Obesity, Diabetes and Cardiovascular Disease building, University of Sydney**

I refer to your email of 20 June, 2011 seeking comment from the NSW Office of Water (NOW) on the S75W modification for the above approved project.

Reference is made to the NOW's previous submission of 17 February 2010 on the Environmental Assessment (EA) for this project. NOW has reviewed the EA for the modification proposal and as the modification also requires 2 levels below ground (basements), NOW maintains its previous comments of 17 February.

Yours sincerely

**Mark Simons**
